Video Offer for tour artists

LouCinda Laughlin is available to create a video for the artists participating in the Placer Studios Tour.

The videos are created from a montage of photographs and does not involve shooting a video. The videos are a minute long and feature photos of the artist, the artist's studio and some of the artist's artwork. Short descriptions are inserted in the video to highlight features about the artwork and to provide information about the artist. LouCinda has been creating the short videos for ACPC that accompany each artist's information in the ACPC directory. You can review some of those videos to see the format used by LouCinda.

Dates: LouCinda is available April through June, and September. Due to travel plans, the videos will be created on a first come, first served basis.

Cost: \$25. per video
